The game of ball last Thursday on the Old Fair Ground between a team of "has-beens" and the regular nine, resulted in a score of 7 to 1 in favor of the latter. Parker and Miner were battery for the "scrubs" and Woodward and Morse for the "regulars." Parth of Burlington was secured by the "scrubs" and owing to a proper consideration of the feelings of the opposite side, whom the management wished to give fair play, the professional from the Queen city was played in the out field. He was not allowed to hit the ball squarely as the managers only furnished one ball for the game. In only one or two instances did the errors of the other members of the scrub team exceed the offers accepted. The work of both batteries was superb and the strikeouts credited to Woodward were merited as he was up against the "real article," when it came to wielding the stick. Only a small crowd was present owing to the limited time in which the game was advertised. In accordance with the urgent demands of the public the management have agreed that if another game is arranged between these teams that a notice of not less than a week will be given.

The work of organizing a Commandery of Knights Templar goes merrily on. J. A. Robinson, Sec'y of Tucker chapter, is the one who put the wheel in motion, and reports that he is receiving new names to the list every day. Letters have been received from Sir D. P. Wheeler, Grand Commander, in which he expresses himself as fully in accord with the movement and says he will grant a Dispensation for a new Commandery upon presentation with a petition from a suitable number of Commandery men and a recommendation from the nearest Commandery, which is hoped will be forthcoming in shortly. The jurisdiction which it is wished the new Commandery will cover includes Hardwick, Craftsbury and Greensboro in addition to Lamolille county. It is reported that the Knights Templars in Hardwick are willing and anxious to come this way, as are also those from other towns who now have memberships in either St. Johnsbury, Montpelier, or Burlington. The list of those who wish to take the degrees of Knights Templar now numbers thirty-two with still others who will put their names down as soon as the organization is assured beyond any doubt. There is now a list of about fifteen Knights who are ready to sign a petition to its Grand Commander for a Dispensation. Let all interested take notice and keep the ball a rolling.

The Governorship.

[Bennington Reformer.]

Of the nine delegates sent from Brattleboro to the Republican state convention as supporters of Clement, eight are now supporting McCullough. The fact may be disguised, but it is, nevertheless, a fact that among thinking men the drift is away from Clement. The hope of local option lies wholly in holding the Republican party to its promise instead of adding to nasty strife by aiding and abetting the bolt, and men of sense should not allow themselves to be fooled by the Clement hullabaloo which is wholly in behalf of Clement and false to the cause of license and local option.

[White River Junction Landmark.]

On what do the Clement bolters base their hopes of electing him governor? In round numbers Stickney, Republican candidate for governor two years ago, received 31,000 more votes than Senter, Democrat. The Republican vote was 48,441; the Democratic, 17,129; all others, 1,592. To assume that one-third of the Republican voters of Vermont will bolt the regular party nominations and support Clement would be a very wild assumption. To reckon on a large proportion of the Democratic vote when that party will have its regular ticket in the field will be counting on a big uncertainty. It ought to be borne in mind that many Democrats in the last canvass voted in Republican town caucuses and helped carry them for Clement. His vote in the Republican state convention was not an indication of his strength among Republicans but among local option Republicans and Democrats combined. Yet in order to carry the state Clement will have to receive the support of one-third of the Republican vote and about all of the Democratic. This calculation is based upon the returns at the last election of state officers, and takes it for granted that the state vote will be about the same in 1902 as in 1900. The most Clement's followers can hope for is to prevent a choice by the people and throw it into the legislature. What will be gained? Even if he should be thus chosen governor, would his election bring about the passage of a local option law with a referendum attached, any sooner than if General McCullough was elected? The latter is pledged to approve whatever action a legislature fresh from the people may take upon the subject. Clement as governor could do nothing more. Is it worth while to split up the Republican party in Vermont to bring about divisions that may not be harmonized for years, simply to elect Mr. Clement governor instead of the regularly nominated candidate of the party.

HYDE PARK.

Ordination and Installation of Rev. Chas. S. Hager.

The ordination of Rev. Chas. S. Hager and his installation as pastor of the Congregational Church in this village occurred last Thursday. The day was a beautiful July day and barring extreme heat was an ideal one for this interesting event. The Cong'l Church in this place has been organized forty years and we believe this ordination of Mr. Hager is the second event of this kind in its history. Rev. Mr. Taylor was ordained eleven years ago.

The ecclesiastical council, made up of pastors and delegates of the Cong'l churches in this county and also Rev. C. H. Merrill, Secy. of the Vermont Domestic Missionary Society, and Rev. J. E. Frame of New York, held a morning session, at which the candidate read a paper stating his religious belief. Rev. Mr. Merrill was moderator and Rev. A. G. Mohr secretary of this body. By unanimous vote, the candidate was accepted into membership. Every Congregational Church in the county was represented.

At 12.30 dinner was served by the ladies in the pleasant dining-room of the church. Over one hundred partook of this feast, which was well prepared, nicely arranged and finely served. The young ladies of the Endeavor Society acted as waiters and performed their duty well.

At two o'clock the public exercises took place. The church was well filled by an audience made up of representatives from all parts of the county and our own people. Rev. Mr. Merrill presided and the following program was rendered:—

Minutes of Morning Session read by the Scribe. Anthem, Choir. Invocation, Rev. T. Davies, Wolcott. Scripture Reading, Rev. R. G. Clapp, North Hyde Park. Hymn, Choir and Congregation. Sermon, John 15:15, Rev. Prof. J. B. Frame, New York.

Ordination and Installing Prayer, Rev. R. L. Sheaf, Barton. Right Hand of Fellowship, Rev. A. G. Mohr, Cambridge. Charge to Pastor, Rev. Dr. Merrill, St. Johnsbury. Charge to People, Rev. E. G. French, Johnson. Hymn, Choir and Congregation. Prayer, Rev. J. P. Garfield, Enfield, Conn. Benediction by Pastor.

The exercises throughout were very impressive and interesting. The sermon was upon the fellowship of Christ and was a masterly effort. Rev. Mr. Frame is professor of New Testament Theology in Union Seminary and although a young man, is a master of his profession. Dr. Merrill's large experience in the position he occupies made it eminently fitting that he should charge the pastor, knowing as he does this church and its people. He gave the young pastor advice well fitted to the position he was to occupy. Rev. A. G. Mohr, in giving the right hand of fellowship, counted it a double privilege in that Mr. Hager and himself were in the seminary together. His remarks were very felicitous. The ordaining prayer, given by Rev. Mr. Sheaf at the request of Rev. Mr. Howard, who was to take that part but declined because of a throat trouble, was an earnest appeal to the Divine Ruler for strength, comfort and guidance to the young clergyman in the work he was about to assume. The charge to the people by Mr. French was from one well acquainted with this people. Made up of sound advice and practical suggestions, interspersed now and then with a bit of wit, kept the close attention of his hearers. His allusion to Rev. Mr. Taylor and his noble work here was a handsome tribute to a worthy man. The closing prayer was by Rev. Mr. Garfield, a college friend of Mr. Hager. He has just accepted a call to a church in Enfield, Conn., and as he expects to soon go through the same ceremony, came over "to see how it was done."

At the close of the exercises, an hour was spent in social intercourse and at five o'clock tea was served, which completed the proceedings of an event which will be long remembered by those present and which was certainly a "red letter day" in the church's history.

The people of the church here appreciate the interest taken in them by the sister churches of the county and are very grateful for the hearty response from all sections to the invitations sent out to be present on this occasion. Among those from out of town present, were Mr. and Mrs. D. F. Hager of South Deerfield, Mass.; Rev. John P. Garfield, Jeffrey, N. H.; Jas. Holmes and wife, Mrs. D. J. Farrell, Mrs. C. A. McFarland and Mrs. E. H. Sherwin of Johnson; Miss Lucia Smith and Mrs. W. P. Smith of Cambridge; George Gilmore and wife and Rev. H. C. Howard of Jeffersonville; H. A. Slayton, H. P. Munson, F. G. Fleetwood, Mrs. P. K. Gleed, Deacon Tenney and Mrs. S. H. Phelps of Morrisville; O. G. Smith and wife of Stowe; Miss Dustin, Mrs. Charles Blake and B. B. Blake of Eden; E. Mann of Wolcott; F. M. Gale and wife of Chicago; Mrs. W. D. Welch of Lebanon, N. H.; Rev. R. L. Sheaf of Barton and Prof. E. L. Ingalls of Vergennes.

Rev. Mr. Hager is in his 30th year; he is a graduate of Amherst College and Union Theological Seminary of New York. He supplied the pulpit here last summer and during that time made many friends and his coming at this time is therefore not as a new man but one who knows the people and they him. That the relations assumed on the occasion may be pleasant as well as prosperous is the wish of all.

R. W. Hulburd spent a few days the past week with his family at Peak's Island.

Prof. E. L. Ingalls was in town a short time last week. He will be here again in two weeks.

Will You Vote for License?

You have answered in the affirmative. Have you thought of it, in all its phases? Have you thought of that noble boy of yours, dear fellow, just at the right age to be so easily influenced for good or evil? Can you afford to have a lawful restraint removed from before him? Would you not ask sympathy, if he was sometime brought to your door a dwelling, sickly drunken thing? A licensed saloon keeper is bound to get his money back and your son may be the very one he has marked for one victim. I say victim, for many instances are known where offers have been made to some young—1 cannot say man—to bring in new customers, and not altogether laudable ways are used to bring them in. If you have a son or a son-in-law or if your neighbor has, do not be guilty of setting a tempting saloon beside him. Do not ask him to be more than human? You love money and I know it. If license wins, don't complain if your taxes are doubled, to aid in building and maintaining more almshouses, more insane asylums, more prisons. If you do not agree with me, look up the matter a little before you go to the voting booth.

Astounded the Editor.

Editor S. A. Brown, of Bennington, Vt., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Slayton & Sanders' drug store.

A harness racing circuit for Vermont has been organized, including several of the more important associations of the State. At the first meeting held at St. Johnsbury last Friday, George M. Powers of the Lamolille County Fair, W. A. Taplin, Dr. T. R. Stiles, T. M. Carr, and Sec. Smith of the Caledonia County Fair, D. D. Bean of the Orleans County Association, C. H. Campbell, and H. A. Rugg of the Granite City Trotting Park of Barre, were present and arrangements were discussed.

They Struck it Rich.

It was a grand thing for this community that such an enterprising firm as Slayton & Sanders secured the agency for Dr. King's New Discovery for Consumption, the wonderful remedy that has startled the world by its marvelous cures. The furor of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee it to cure Coughs, Colds, Bronchitis, Asthma, Croup and all Throat and Lung troubles. A trial proves its merit. Price 50c and \$1.00.

When to Read the Bible.

When you do not feel much like doing so, here are a few Bible references to read:—

If you are down with the blues, read the twenty-seventh Psalm.

If you are out of sorts, read the twelfth chapter of Hebrews.

If the stove pipe has fallen down and the cook gone off in a pet, put up the pipe, wash your hands and then read the third chapter of James.

If you are getting discouraged about your work, read the one hundred and twenty-sixth Psalm and Galatians vi, 7-9.

If there is a silly sensation about the heart, read the third chapter of Revelations.

If people pelt you with hard words, read the fifteenth chapter of John.

If you don't know where to look for the month's rent, read the thirty-seventh Psalm.

What a Tale It Tells.

If that mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at Slayton & Sanders' drug store.

The trustees of the James R. Langdon estate, Montpelier, have drawn a check for \$7,771.73 in payment of their taxes for 1902. This amount is a fraction over one-tenth of the entire tax of the entire city.
